WHY WE DO WHAT WE DO!

At TTTM we have declared it our personal challenge to support all dreamers, and those who aspire to become dreamers, in the best possible way — enabling them to discover their fullest potentials by establishing an inspiring and transformative mindset. We strive to make the lives of our dear co-inhabitants on this wonderful planet as easy, adventurous, fun and as comfortable as possible by offering timeless and sustainable solutions with passion for fine details.

HOW WE DO IT!

We are certain that we all can only bring forward our personal best if our actions and interactions are co-operative, honest, fair, fun and sustainable. And so we act. In order to personalize your very own TTTM experience, we design and construct our gear in-house. This way, we can offer you the best products and include the exact features you desire at fair prices. As we sincerely believe that the best results can only be achieved by the deep collaboration, we welcome and live diversity in our international and multicultural team. This fact, combined with constant product analysis and development in our ongoing utopian search for perfection, keeps us at the forefront of innovation in hammock manufacturing. The entire range of Moon Hammocks is handmade by experienced craftspeople, some of whom have been with us since the beginning.

Using only the highest quality and skin-friendly (PFC-Free & OEKO-TEX® Standard 100) materials, each product is tested under extreme conditions and passes strict quality control procedures before it travels to you. The 10-year manufacturer's warranty covers any defects in workmanship and materials on all Ticket to the Moon products. GIVING BACK is vitally important to us! Hence, a significant amount of the profits directly go into TTTM's social projects, whose mission is to strengthen the resilience of disadvantaged communities in Indonesia. → [Page 102](#)

FAIR PRODUCTION!

Our long-term goal is to raise awareness of larger global challenges such as sustainability and fair production issues. In all our operations we aim to bring advancement to the community while respecting and supporting the local social structures. ACT LOCAL! The main part of our helpers and materials originate from Indonesia — our beloved nest and home. All our employees are over 18 years of age. Our honest, humane and fair corporate values mean that all staff within the TTTM family enjoy proper working conditions with social security, a pension, and a salary that

is far higher than the regional average. A big part of our profit is annually redistributed equally between employees, based on the number of years they have been with us. Everybody bonds into a unique social tribe, being passionate about our journey to the moon together.

MINIMIZING OUR CARBON FOOTPRINT

By using locally sourced materials and investing in innovative upcycling methods, we aim to have a minimal impact on the environment. This includes product and packaging design issues, and aspects of local manufacturing. Any spare fabric is turned into eco-friendly products or is recycled into new fabrics. The ongoing urge to minimize our carbon footprint engendered the motto: “nothing is left to waste because we care.”

“We live and work in Bali,
produced at our home”

PARACHUTE HAMMOCKS

Since 1996, Ticket to the Moon has been the original parachute nylon hammock manufacturer. Designed and created by travellers for travellers, our hammocks are tested in every climate around the world and are equally suitable for a serious adventurer's trip as well as daily use. Once you try a moon hammock, you'll never miss your tent again! Enjoy a comfortable sleep and «off the ground» protection from water, insects and small animals. Ticket to the Moon parachute hammocks have many handy attributes: lightweight yet robust, spacious but portable,

set up and takedown less than a minute, rot-resistant, machine washable and fast drying. The elastic and breathable nylon adjusts perfectly to your body contours, allowing for optimal blood circulation and relief. Hanging a hammock is often allowed, whereas pitching a tent is not. Our hammocks are delivered with stainless steel S-hooks or high-grade aluminium carabiners. Our hammocks are ideal for every occasion — whether you are travelling, spending a day in the park with friends, or just staying at home. Play, relax, take a nap or sleep all night in your Moon Hammock!

EXPRESS SETTING BAG

This unique and versatile feature comes together with all our hammocks and adds tremendously to their functionality. It enables you to set up and take down the hammock quickly.

HAMMOCKS: TRAVEL LINE

COMPACT

10

If minimalism and great value is your motto, then the Compact hammock is made for you. This stitchless hammock is durable, comfortable, easy to use and beautiful! It is also the perfect entry-level hammock for young users.

**HAMMOCKS:
TECHNICAL LINE**

NEW!

When going far, or if for you every gram counts, even a conventional travel hammock may be too heavy. Others just love the idea of having a hammock that can be truly brought anywhere, and always without having to leave other things behind. After many years of searching for an even lighter fabric that provides the level of safety and comfort typical for Ticket To The Moon, we are excited to present our Lightest Hammock.

It is an ultralight setup that is made of a locally produced, recycled high-performance crinkle nylon textile. This award-winning packing wonder with a full length of 300 cm hammock body is suitable even for taller people without compromises in comfort. It weighs only 228 grams including the express setting bag, and with 6 kN mini-carabiners and special UHMWPE-rope it will literally fit into your pocket.

Material	41 g/m ² Recycled-Crinkle Nylon
Weight	228 g
Max. load	150 kg
Length	320 cm (carabiner to carabiner)
Fabric length	300 cm
Width	140 cm

LIGHTEST PRO

NEW!

The TTTM PRO Hammocks are the serious adventurer’s choice and therefore are designed as an easy-to-use and always-ready solution for sleeping outdoors with insect protection and ridgeline. Extra effort has been given to maximise comfort and functionality while minimising weight. Set up in less than a minute, its extended 310 cm hammock body gives you extra room to spread out and enjoy astonishing comfort, particularly when lying at an angle.

“No-see-um” insect protection — the integrated yet stowable bug net made from carefully selected premium micromesh fabric provides excellent insect protection, lets you breathe easily and it will also deflect wind to provide a calm space inside. Four zipper heads with handles allow convenient double-sided access.

Material	41 g/m ² Recycled-Crinkle Nylon
Weight	590 g
Max. load	100 kg

PRO HAMMOCK

UPDATED DESIGN & WIDTH!

Perfect hang guaranteed every time — an integrated and adjustable ridgeline maintains the same comfortable shape every time to keep your back straight and level when resting diagonally. It comes with a handy organiser/storage bag system for the net and for personal gear. External loops let you neatly guide your underquilt, attach your gear and serve as tie-outs to make sure you are smitten, not bitten, on your trip. The PRO HAMMOCK offers the same features as its lightweight sibling, while we added extra width for even more comfort during your journeys. Made of our popular 64 g/m² standard travel range nylon, it is more robust and less stretchy, which opens this versatile adventure tool even for couples, and larger folks.

MAT HAMMOCK

While we are convinced that our Moonquilt series offers the best sleeping comfort in the outdoors, we see that there are a few scenarios in which a mattress-friendly hammock solution can save the day. This 1.7 m wide hammock comes with a pocket that fits all standard mattresses. To make sure that you are as comfortable as possible, we included a ridgeline into this hammock- perfect sag guaranteed! With this new travel companion, even when hanging your hammock is not possible you can still rest on the ground instead.

HOME & GARDEN LINE

Introducing the new "Home Hammock" line, a perfect addition to your home decor. This line of hammocks has arrived with upgraded features that will make your lounging experience better than ever before. The material used in the production of these hammocks is stronger, making them capable of supporting heavy weight without compromising on comfort. The "Home Hammock" line comes in six natural color tones, ensuring that you'll find a perfect match for your home. The variety in colors also makes them a perfect fit for outdoor spaces, allowing you to enjoy the sunshine while lounging in style in your garden.

Home

Garden

NEW

In addition to the upgraded material and color options, each hammock in the "Home Hammock" line is equipped with rope, carabiner, and sleeves for easy setup and use. This means that you won't have to worry about purchasing any additional equipment to enjoy your new hammock. Simply unpack it, set it up, and relax in comfort.

HOME HAMMOCKS

What are we so excited about? They come in three sizes and shine in six sparkling earth tones. This special blend of selected threads and refined weaving technique boasts with a particularly soft touch on the skin, yet the fabric will allow you to sink in exactly where you want to. The thicker material is more robust and less sensitive to UV light, which considerably extends

the lifetime of your home hammock. The stretch is right on the point and with the included sleeve you can leave it outside all the time or enjoy the elegant and sleek style. They can all be used by two or more people, while you can also dive in all by yourself. An excellent piece of furniture and a travel option for all vanlifers and less weight-sensitive explorers!

HAMMOCK ACCESSORIES

MOON TARP

(TMTARP05)

TOP SELLER!

This diamond-shaped tarp can be used with standard hammocks, or on its own as an instant protection from the elements. The reinforced seam-sealed corners and tie-out points make it very durable and adaptable. The blue coloured ridgeline tie-outs come with carabiners for easy orientation and fast installation. Four additional eyelets allow for different set-up modes using additional cordage or poles. The adjustable guy lines are kept in convenient breathable corner pockets for safekeeping.

- Material — PU — coated ripstop nylon (2000 mm water column)
- Min. weight — 775 g (4× guy ropes)
- Max. weight — 845 g (8× guy ropes, 2× pegs)
- Size — 320 × 280 cm
- Diagonal — 424 cm
- Guy rope: Blue — 2× 2.5 m
- Yellow — 4× 2 m
- Orange — 2× 1 m
- (Incl. carabiners & quick-release-tension-buckles)

- Waterproof 2000 mm
- Covers all TTTM hammocks except Honeymoon and Mammoth
- Shields from rain/sun/wind
- Includes 2× Y-shaped 18 cm aluminium pegs and 8 adjustable guy lines
- Quick-release buckles for easy set-up
- Compact and lightweight
- Comes in Moon Pouch
- Contrast color ridge line for easy set up with carabiners
- Mesh pockets for all guy lines

FULLMOON TARP ♻️

(TMFMTARP)

TTTM TEAM FAVORITE!

The Fullmoon Tarp is an advanced all-weather protection that you can set up in a variety of configurations. Whether it be an A-frame tent-like shelter in challenging weather, or as a diamond tarp with maximum airflow and visibility in milder conditions — we have you covered. Thanks to the durable and high-grade 20D Sil-Nylon fabric, this tarp is not only fully waterproof and lightweight, it is also pretty quiet even in heavy rain.

- Material — 20D recycled ripstop sil-nylon (1500 mm water column)
- Min. weight — 585 g
- Max. weight — 750 g
- Size — 320 × 280 cm
- Diagonal — 424 cm
- Guy rope: Blue — 2× 2.5 m
- Yellow — 8× 1.5 m + 2× 0.35 m
- Orange — 4× 1 m
- (Incl. carabiners & quick-release-tension-buckles)

- Waterproof 1500 mm
- Covers all TTTM hammocks except Honeymoon and Mammoth
- Shields from rain/sun/wind
- Includes 6× Y-shaped 18 cm aluminium pegs and 12 adjustable guy lines
- Quick-release buckles for easy set-up
- Compact and lightweight
- Comes in Moon Pouch
- Contrast color ridge line for easy set up with carabiners
- Mesh pockets for all guy lines

LIGHTEST TARP

- Material — 20D recycled ripstop sil-nylon (1500 mm water column)
- Min. weight — 395 g (4× guy ropes)
- Max. weight — 470 g (8× guy ropes, 2 pegs)
- Size — 250 × 250 cm
- Diagonal — 350 cm
- Guy rope: Blue — 2× 2.5 m
- Yellow — 4× 2 m
- Orange — 2× 1 m
- (Incl. carabiners & quick-release-tension-buckles)

MINIMALIST'S CHOICE!

- Waterproof 1500 mm
- Covers all TTTM hammocks except Mammoth and Honeymoon
- Shields from rain/sun/wind
- Includes 2× Y-shaped 18 cm aluminium pegs and 4 adjustable guy lines
- Quick-release buckles for easy set-up
- Compact and lightweight
- Comes in Moon Pouch
- Contrast color ridge line for easy set up with carabiners
- Mesh pockets for all guy lines

Fast protection from rain, sun and wind, while cutting weight to a minimum! Install it high for maximal shadow and air-flow, or low to keep rain and wind away. The reinforced sides, corners and tie-out points make this minimalist piece of gear impressively sturdy. The Sil-Nylon 20D material enables the Lightest Tarp to offer full features, as it comes with quick-release tension buckles on all four corners, two pegs and extra tie-out loops. The blue coloured ridgeline tie-outs come with carabiners for easy orientation and fast installation. You will surely love it. All guy lines are kept conveniently in breathable pockets so they do not get tangled.

(TMLTARP)

CONVERTIBLE BUG NET 360°

(TMNET)

- Netting — 200 mesh openings/cm²
- Weight — 485 g
- Size — 300 × 130 cm

You want to enjoy full protection, great functionality, a minimum of weight and yet be able to breathe easily? With this versatile 485 g net you will no longer be bitten from below thanks to the smart 360° set-up! It is compatible with standard hammocks (without spreader bars). The soft yet robust polyester mesh will even keep away the tiniest insects, snakes, rodents and other critters. The fully convertible top quickly opens thanks to double circular YKK zippers — for extra freedom of movement when the coast is clear or you want to increase airflow. Put a shirt into the soft pouch and use it as a pillow. For starlovers, we recommend the black net.

White (TMNET01)

Green (TMNET24)

Black (TMNET07)

★★ Starlover's choice

- Double zipper opens entire top
- Includes adjustable ridgeline
- 360° protection
- Extra fine mesh (200 holes/cm²)
- 100% polyester
- Washable at 30°C
- Mildew resistant
- Compact and lightweight

MOONQUILT ALLROUND

The Allround is the successor of our original Moonquilt and its name already gives it away. Besides being one of the best Underquilts on the market, it offers a lot of functionality. In windy conditions, you can zip up the recycled synthetic three-season underquilt. It so completely envelops you and your hammock. The two zippers and adjustable elastic shock cords let you conveniently adjust the level of insulation from within your hammock. Small pockets on the corners keep cords and mini carabiners neatly packed away when using it as a sleeping bag or blanket. In style, we also include a hidden pouch to keep essentials at hand.

Outer material — 20D Crinkle Nylon
 Inner material — 70D Crinkle Nylon
 (upcycling material from hammock fabrics)
 Weight — 1280 g (1120 g quilt + 100 g hood) + 60 g storage bag
 Size — 200 × 140 cm
 Filling — 115 g/m² 100% RPET
 Insulation ECODOWN by Thermore®
 Moonquilt Temp. Range — >5°C (comfort)
 Sleeping bag Temp. Range — 8°C (comfort)
 5°C (limit)

- Detachable Hood
- Machine Washable at 30°C
- Mildew Resistant
- Water repellent
- Underquilt use
- Blanket use
- Sleeping bag use (even around the hammock)
- All-In-One solution

MOONQUILT COMPACT

The Moonquilt Compact is a minimalistic, yet comfortable and ready-to-use three-season underquilt. Fabricated mainly from recycled materials, it works brilliantly with standard hammocks and our Moonblankets.

Outer material — 20D Crinkle Nylon
 Inner material — 70D Crinkle Nylon
 (upcycling material from hammock fabrics)
 Weight — 845 g (790 g quilt + 55 g bag) + 60 g storage bag
 Size — 210 × 135 cm
 Filling — 115 g/m² 100% RPET
 Insulation ECODOWN by Thermore®
 Moonquilt Temp. Range — >5°C (comfort)

MOONQUILT PRO 650 (TMMQP650)

MOONQUILT PRO 850 (TMMQP850)

As the first company in Bali with a down-im-
porting licence, we decided to get right to it and are
proud to present this unique duo of down underqui-
lts. They come in 650 and 850 Fillpower (Nikwax
hydrophobic DWR and RDS certified) duck down
and will surely keep you as warm and comfy during
your adventures as only down can. The 650 model is
rated until 2°C comfort (even for sensitive people),
while with the Pro 850, you can hammock below
freezing. To keep them lightweight, we decided to
use our super soft 20D lightest fabric.

- Conscious high-performance duck down
- Compatible with standard hammocks
- Lightweight
- Resists wetting
- Maintaining the insulation properties and breathability even when moist
- Exceed 10.000 minutes on the industry IDFB 18 a Shake Test. That's 7 days constant exposure to water.

Moonquilt Temp. Range — >-2°C (comfort)

MOONBLANKET

- Minimalistic and convertible:
Topquilt, Blanket and Poncho
- Sustainable materials used
- Mildew resistant
- Water-repellent
- Keeps you warm, even when moist
- Footbox
- Neck protection

We are happy to announce our new range of Topquilts for next-level adventures with or without your hammock. Our colleagues in Bali affectionately refer to them as “Sombreros”. For clarity reasons, we still decided to name them Moonblankets. They are the counter-part or rather the addition to our Moonquilt range. At the same time, they are much more and it will often make sense to bring them along even if hammocking is not on the agenda.

MOONBLANKET COMPACT

We are happy to announce our new range of Topquilts for next-level adventures with or without your hammock. Our colleagues in Bali affectionately refer to them as “Sombreros”. For clarity reasons, we still decided to name them Moonblankets. They are the counter-part or rather the addition to our Moonquilt range. At the same time, they are much more and it will often make sense to bring them along even if hammocking is not on the agenda.

- Conscious high-performance materials
- Compatible with standard hammocks
- Resists wetting
- Maintaining the insulation properties and breathability even when moist
- Exceed 10,000 minutes on the industry IDFB 18 a Shake Test. That's 7 days constant exposure to water.

UV SLEEVE

200%
UV STABILITY!

Protects your hammock like a second skin.
An essential optional accessory if you plan to leave
it in the sun for an extended time. It keeps your
hammock clean and stops the wind from flapping
it around when not in use.

(TMHSUV)

RIDGELINE

(TMRIDGE)

- UHMPE adjustable ridgeline
220-320 cm
- 2× 6 kN carabiners
- Organizer (6 compartments)
- Stainless-steel rings
- Adjustment handles

With this structural and adjustable ridgeline kit,
you will certainly hang like a pro and find your perfect po-
sition-everywhere and always! Installation is super easy,
and you will sleep much better! A clever fusion of state-
of-the-art materials and locked Brummel eye splice loop
and whoopie sling technology make this new accessory
attractive for everyday use. With two 6 kN carabiners
(7075 aluminium) it can be attached to the hammock
and by simply holding and pulling on the marked spots,
it can be shortened and extended to a maximum length of
320 cm.

Material	PU coated 3 mm UHMWPE rope
Weight	80 g
Length	220 - 320 cm
Max. load	200 kg
Breaking strength	450 kg

**ATTACHMENT
KITS**

NAUTICAL ROPE KIT

Extremely durable, sturdy and safe rope hanging system. This minimalistic approach, invented by Ticket to the Moon more than 25 years ago, changed the hammock world forever. Anyone can hang a hammock in seconds, without tying any knots.

- Length ————— 2.4 m
- Diameter ————— Ø 5 mm
(preknotted)
- Weight ————— 230 g
- Max. load ————— 200 kg
- Material ————— 100% Nylon
- Breaking strength ————— >580 kg

MOON STRAPS

TTTM TEAM FAVORITE!

This daisy-chain webbing is super strong, anti-slip, and extremely easy to use. Perfect for application on trees with a sensitive bark, or for hammocks that are used by more than one individual.

- Length ————— 2.7 m
- Width ————— 2 cm
- Weight ————— 216 g
- Max. load ————— 300 kg
- Material ————— 100% Polyester
- Breaking strength ————— >760 kg

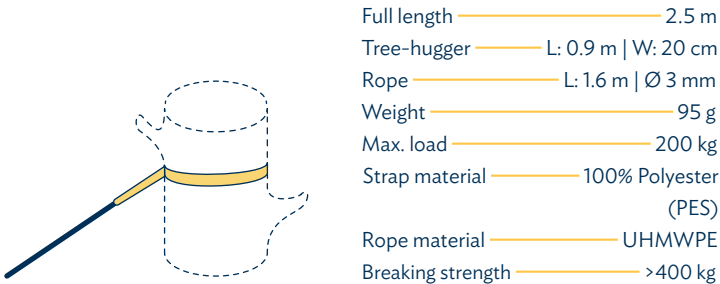

LIGHTEST STRAP

ULTRALIGHT!

For only 95 g you get a tree-friendly and easy to use solution. Perfect if weight matters. Made from UHMWPE rope to last. It even fits into the express bag of the lightest hammock and comes in a pair.

Two pieces per pouch!

STRAP EXTENDER

Has it ever happened to you that there were lousy 10 cm missing between your hook and the ropes to hang your hammock? Sometimes trees are thicker and / or further apart than you are prepared for. This is where the Strap Extender comes in. With a pair of tree-friendly polyester straps it becomes easy to extend and /or up-grade your Lightest or Moon Strap or your Ropes.

Two pieces per pouch!

GARDEN STRAP

2024 NEW!

You want to be absolutely sure that the trees are only hugged and not hurt when installing your hammock? Pair of strap extenders is optimized for permanent setups, for trees with sensitive bark and for all those that would like to give extra love to trees. They are compatible with all standard attachment systems.

Two pieces per pouch!

Full length — 1.5 m
Weight — 240 g
Max. load — 500 kg
Strap material — 100% Polyester (PES)
Breaking strength — >1200 kg

(TMGS)

ANCHOR KIT

When back home from your travels, why not set up your hammock in the living room? A perfect place to read a book, plan your next trip, or simply enjoy some well-deserved relaxation time. Suitable for application on concrete, bricks and wood.

Max. load — 200 kg
Material — Stainless Steel

Set of 2 hangers with screws, washers and fisher plugs.

(TMWALL)

CARABINER 10 KN

If you like to attach gear to your hammock, or feel the need for extra safety for your joyfully playing children, upgrade to our weight-rated carabiners. They were redesigned recently to even better secure your hammock, while saving weight. More so, you will love the additional comfort in setting up your hammock.

Two pieces per pack!

- Size ————— 6 × 3.9 cm
- Material ————— A7075 T6
- Weight ————— 14.5 g/pc
- Closed  ————— 10 kN
- Opened  ————— 3.5 kN

CARABINER 22 KN

In case you feel that you want to have even more safety, you will like this carabiner. The extra strength allows you to effortlessly open the gate of the carabiner, while two dreamers are chilling in their hammock.

Two pieces per pack!

- Size ————— 8.5 × 5.2 cm
- Material ————— A7075 T6
- Weight ————— 34.4 g/pc
- Closed  ————— 22 kN
- Opened  ————— 7 kN

CARABINER 6 KN

We designed this carabiner as the most lightweight option. Strong enough in any situation with its 600 kg closed gate rating, it has a custom eyelet for ropes like our UHMPE ropes. Suitable for our Lightest Hammock, it also works as a high-strength accessory carabiner.

Two pieces per pack!

Size ————— 4.5 × 2.6 cm
Material ————— A7075 T6
Weight ————— 6 g/pc
Closed  6 kN
Opened  1.5 kN

ACCESSORY CARABINER

The perfect clips for securing smaller items like water bottles, knives, and flashlights to your Ticket to the Moon bag. These carabiners function well as key rings and more, while accommodating guy lines.

One set contains 8 pieces.

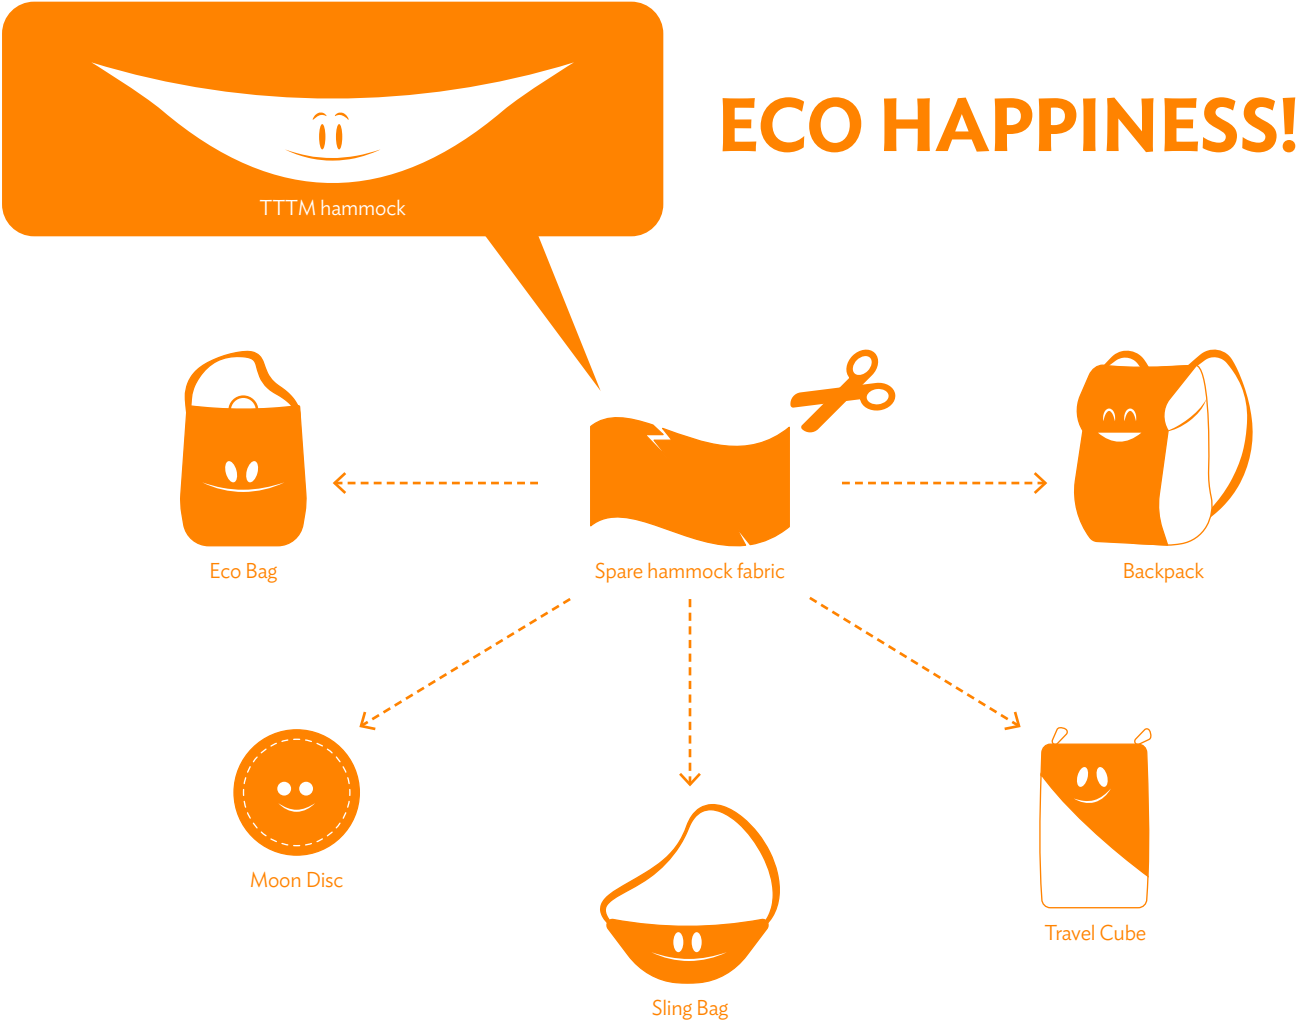

Size ————— 4 × 2.5 cm
Material ————— A6061
Weight ————— 3 g/pc
Closed  30 kg

POCKET MOON DISC

This is the ultimate toy for all ages — fun to throw, easy to catch and bring along. The rim that is filled with rolled left-over fabric makes it fly perfectly without fear of hurting anyone or it rolling away. As it does not have hard and sharp edges it is great for indoor use and for pool parties. It folds up in a small pouch for carrying and safekeeping.

COMMUNITY

SOCIAL & ENVIRONMENTAL PROJECTS

Over the past years, we have been very fortunate. Together with our friends and partners in Sumba, we could drastically improve the local livelihood situation. In fact, things have improved by such a degree that the TTTM Foundation is now coming to an end. We all are tremendously proud of the developments of the project and are now eagerly following our Sumbanese friends' steps and standing by their side with advice upon request. With much excitement, we are now shifting our focus and energies to other selected social and environmental projects that we believe in and who are working towards similar goals to make the world a better place. We are an organisation with a strong commitment to sustainability and social responsibility. Therefore we feel a strong calling to give back to society and to support those in need. Amongst other activities, we have therefore launched a couple of collaborations that involve donating for example. As we are in the reorientation process of our social endeavors, let us know about any interesting projects that could be interesting partners!

SOLEMEN

One of them is the humanitarian project "Solemen". Solemen is a non-profit organization based in Bali, Indonesia, that provides various forms of support to people with disabilities, chronic illnesses, and other life-threatening conditions. They assist individuals who are unable to afford medical treatment, rehabilitation, or other basic necessities. They also organize campaigns and events to raise awareness about various issues affecting the community. Ticket To The

Moon recognizes the great work that Solemen is doing and wants to help them with their cause. Our company has provided printed eco-bags that are made from eco-friendly materials and are reusable. These eco-bags feature Solemen's and our company logo and are designed to help raise awareness about Solemen's mission and promote sustainable practices. Through this project, Ticket To The Moon hopes to encourage people to use eco-bags instead of single-use plastic bags. Plastic pollution is a significant environmental issue, and it is crucial that we take steps to reduce our plastic usage. By donating eco-bags to Solemen, we aim to help reduce plastic waste while also supporting a great cause. We are proud to support Solemen's mission, creates sources of income and to help make a positive impact in the community. Our team believes that it is important to give back to society and we will continue to find ways to support worthy causes. Another way we support Solemen is by providing Moon-chairs to disadvantaged families amongst many others with disabled children.

These families were previously hidden away in a poor area of Denpasar without support or care from the outside. Through Solemen working closely with the government of Bali they all now enjoy new lives in Denpasar area of Renon in clean solid housing together with wheelchair access. The children benefit greatly from regular therapy, provision of nutritionally balanced food and ongoing emotional support by the charity. Previously none of the children had the opportunity to experience play. They are now even getting into all sorts of mischief by their newly discovered (and wild) swinging possibilities. What a joy!

SOCIAL & ENVIRONMENTAL PROJECTS

PROJECT WINGS

Project Wings is a growing German NGO that is currently building the world's largest recycling village in Indonesia from 250 tons of plastic waste. They aim to tackle three major global issues: species extinction, tropical deforestation,

and plastic pollution. The organization is implementing a self-sustaining system run by locals that combines environmental protection, nature conservation, and animal welfare. They use an innovative approach to turn plastic waste into Eco-bricks, which are then used to construct affordable buildings. The NGO is also involved in protecting

the rainforest, animal welfare, promoting alternatives to plastic and education. Their future plans include building a sustainable marketplace, sports ground and organic restaurant. Project Wings collaborates with various partners and supporters to realize their vision. We support them with custom printed bags as a start to give to participants of round table meetings with NGOs and politicians as well as for funding activities in Germany to raise mindfulness for this important mission. We will support their crew with hammocks for the com-

munity patrol and for sleeping cabins for the team and supporters. We are planning to do some projects with them in the near future to raise awareness in Sumatra (more projects and collaborations are likely to come in the future).

One man`s trash is another man`s treasure!

project-wings.de

QUALITY

Every product is checked before leaving the production

Quality is our third pillar (where it gets really nerdy) besides acting **Ethical** and our **Community** approach. To follow the hammock flow, let us start with the incoming material. Upon its reception, samples of all security-relevant components are collected and taken into our testing room.

TESTING MACHINE

Product Testing Machine

Before entering production, they are torn by our tensile testing machine, while the measuring sensors record the parameters and save a protocol for our QC database. Some parts, like the S-Hooks for example are tested constantly from each batch produced. For fabrics we developed a unique testing procedure that makes sure that the fabric is suitable for hammocks and that the quality stays the same for every batch and colour. The sewing of our straps is monitored. We also test final products with scrutiny to ensure that you receive perfect products made with love in Bali.
